Professional Summary

Frontend Developer with around 3 years of hands-on experience in building responsive and user-friendly web applications using HTML, CSS, JavaScript, and React. Experienced in developing real-world projects, including the development and deployment of a company website, for which received an appreciation certificate. Worked in professional environments, contributing to UI development, API integration, and performance optimization. After recovering from a medical break, now fully fit and motivated to restart my IT career with a long-term focus on frontend development, continuous learning, and delivering high-quality user experiences.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Redux (basic), Next.js (basic), TypeScript (basic), jQuery, Bootstrap, Tailwind CSS

Backend: Node.js, PHP, Laravel

Database: MongoDB, MySQL, PostgreSQL

Tools: Git, GitHub, NPM, RESTful APIs, Netlify, Vercel

Soft Skills: Analytical Thinking, Problem Solving, Communication, Team Collaboration

Professional Experience
